Business-friendly - Does it impose minimum burden on businesses to achieve the government's objectives
27		Access to Information and Transparency	Mandate online publishing of draft business regulation and invite public comments/ feedback on the same prior to enactment - The period of display should be at least 30 days
28		Access to Information and Transparency	Mandate online publishing of the comments/feedback received on the draft business regulation and how they were addressed in the final regulation
29		Factories, Boilers & Labour (registration & Renewals)	Ensure that the following services are provided through the online single window system - Registration and renewal of license under The Factories Act, 1948
30		Factories, Boilers & Labour (registration & Renewals)	Ensure that the following service is provided through the online single window system - Approval of plan and permission to construct/extend/or take into use any building as a factory under the Factories Act, 1948
31		Factories, Boilers & Labour (registration & Renewals)	Ensure that the following services are provided through the online single window system - Registration and Renewal of Boilers Manufactures under The Boilers Act, 1923
32		Factories, Boilers & Labour (registration & Renewals)	Ensure that the following services are provided through the online single window system - Registration and Renewal of Boilers under The Boilers Act, 1923
33		Factories, Boilers & Labour (registration & Renewals)	Ensure that the following services are provided through the online single window system - License and renewal of license for contractors under provision of The Contracts Labour (Regulation and Abolition) Act, 1970
34		Factories, Boilers & Labour (registration & Renewals)	Ensure that the following services are provided through the online single window system - Registration and renewal (if applicable) under The Shops and Establishment Act
35	Factories, Boilers & Labour (registration & Renewals)	Ensure that the following services are provided through the online single window system - Registration of principal employer's establishment under provision of The Contracts Labour (Regulation and Abolition) Act, 1970	

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
36		Factories, Boilers & Labour (registration & Renewals)	Ensure that the following services are provided through the online single window system - Registration under The Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996
37		Factories, Boilers & Labour (registration & Renewals)	Ensure that the following services are provided through the online single window system - Registration of establishment under the Inter State Migrant Workmen (RE&CS) Act, 1979
38		Online single window system Approvals/Renewals (Environment)	Ensure that the following services are provided through the online single window system - Consent to Establish under the Air (Prevention and Control of Pollution) Act, 1981 & Water (Prevention and Control of Pollution) Act, 1974
39		Online single window system Approvals/Renewals (Environment)	Ensure that the following services are provided through the online single window system - Consent to Operate under the Air (Prevention and Control of Pollution) Act, 1981 & Water Act (Prevention and Control of Pollution) Act, 1974
40		Online single window system Approvals/Renewals (Environment)	Ensure that the following services are provided through the online single window system - Authorization under the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016
41		Online single window system Approvals/Renewals (Environment)	Ensure that the following services are provided through the online single window system - Registration/ Renewal under The E-waste (Management and Handling) Rules, 2011
42		Online single window system Approvals/Renewals (Environment)	Ensure that the following services are provided through the online single window system - Registration/ Renewal under Plastic Waste Management Rules, 2016 for manufacturer
43		Online single window system Approvals/Renewals (Environment)	Ensure that the following services are provided through the online single window system - Authorization under Bio-Medical Waste Management (Management and Handling) Rules, 2016
44		Online single window system Approvals/Renewals (Environment)	Ensure that the following services are provided through the online single window system - Authorization under Solid Waste Management (processing, recycling, treatment, and disposal of solid waste) Rules, 2016
45		Online single window system Approvals/Renewals (Environment)	Ensure that the following services are provided through the online single window system - Authorization under Construction and Demolition Waste Management (Management and Handling) Rules, 2016
46		Online single window system Approvals/Renewals (Environment)	Ensure that the following services are provided through the online single window system - Registration for Refurbishers & Recyclers under Battery Waste Management Rules 2022

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
47		Online single window system Approvals/Renewals (Land)	Ensure that the following service are provided through the online single window system - Allotment of land in Industrial Area
48		Online single window system Approvals/Renewals (Land)	Ensure that the following service is provided through the online single window system - Change in Land use
49		Online single window system Approvals/Renewals (Tax)	Ensure that the following service is provided through the online single window system - Registration under Profession Tax
50		Online single window system Approvals/Renewals (Excise)	Ensure that the following service is provided through the online single window system - Excise Verification Certificate
51		Online single window system Approvals/Renewals (Excise)	Ensure that the following service is provided through the online single window system - Registration under State Excise for Label Registration
52		Online single window system Approvals/Renewals (Excise)	Ensure that the following service is provided through the online single window system - Registration under State Excise for Brand Registration
53		Online single window system Approvals/Renewals (Excise)	Ensure that the following services are provided through the online single window system - License under State Excise for local sale, Import and export permit of Spirit and Indian-made foreign liquor (IMFL)
54		Online single window system Approvals/Renewals (Sectoral Licenses)	Ensure that the following service is provided through the online single window system - Registration for Trade License
55		Online single window system Approvals/Renewals (Sectoral Licenses)	Ensure that the following services are provided through the online single window system - Fire License/ NOC (Registration and Renewal)
56		Online single window system Approvals/Renewals (Utilities)	Ensure that the following services are provided through the online single window system - i. Obtaining Electricity Connection ii. Obtaining Drawing Approval from Electrical Inspectorate iii. Obtaining Power feasibility certificate or sanction of power supply
57		Online single window system Approvals/Renewals (Utilities)	Ensure that the following service is provided through the online single window system - Water Connection
58	Online single window system	Ensure that the following service is provided through the online single window system - Permission to draw water from river/public tanks	

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
		Approvals/Renewals (Utilities)	
59		Online single window system Approvals/Renewals (Utilities)	Ensure that the following service is provided through the online single window system - Certificate of non-availability of water from Water Supply Agency
60		Online single window system- Incentives	Design an online system which provides a customized list of rebates, incentives, subsidies, and credit schemes applicable to the unit
61		Online single window system- Incentives	Mandate time-bound delivery of rebates, incentives, subsidies and credit schemes to Industries/ Businesses through a legislation such as: 1. Right to Services Act / Public Service guarantee Act 2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met
62		Online single window system- Incentives	Ensure that rebates, incentives, subsidies, and credits are provided through the online single window system in a manner that allows online application, payments, tracking of status and approvals
63		Online single window system- Incentives	Mandate to Publish an online dashboard in public domain with following features: i. Clearly publish the data on number of applications received and granted, time taken, and fee incurred to grant approvals/certificate ii. Highlight that the dashboard is updated preferably on real time or updated regularly (daily/weekly/fortnightly/monthly). Date and time of information updation may be mentioned
64		Online single window system- Land Allotment	Provide data of all land banks (vacant plots) in State/UT-owned industrial estates (estate-wise) on one online system/ portal in public domain. The land bank should provide details/industries/sectors for which the land can be used
65		Online single window system- Land Allotment	Design and implement a GIS system to provide details about the land earmarked for industrial use across the State and integrate with India Industrial Land Bank (IILB) (erstwhile, Industrial Information System) of DPIIT
66		Online single window system- Land Allotment	Implement GIS system for all State-owned industrial estates/ parks to provide details of infrastructure and facilities with all requisite clearances and permissions, including: - Details of available connectivity infrastructure (including road, rail, airports) - Details of utility infrastructure (including electrical substations) - Details of other infrastructure (including police station, fire station), hospitals and education institutions

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
67		Online single window system- Land Allotment	Integrate online system for land allotment/ e-auction and payment gateway with India Industrial Land Bank (IILB) for Investor to apply for land and purchase land
68		Online single window system- Land Allotment	States to have an online system for land allotment and ensure the following features without the requirement of physical visit to the department: i. Submission of application ii. Payment of application fee iii. Track status of application iv. Download the final signed certificate v. Third party verification
69		Online single window system- Land Allotment	Define objective criteria, for evaluating land allotment application within industrial estates of State Government along with provision of land/ shed allotment for industrial units on rental/ lease model
70		Online single window system- Land Allotment	Mandate time-bound delivery through a legislation such as: 1. Right to Services Act / Public Service guarantee Act 2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met
71		Online single window system- Land Allotment	Mandate to Publish an online dashboard in public domain with following features: i. Clearly publish the data on number of applications received and granted, time taken and fee incurred ii. Highlight that the dashboard is updated preferably on real time or updated regularly (daily/weekly/fortnightly/monthly). Date and time of information updation may be mentioned
72		Online single window system- Plug & Play system	Ensure infrastructure and facilities are developed and offer plug and play option for promoting sectoral investments of land earmarked for industrial purpose, and to have the following (as applicable): i. Pre-approved clearances and permissions at park level, aligned to sectoral/ manufacturing requirements like for red category products ii. Water and power utility infrastructure (including electrical substations) iii. Gas pipeline infrastructure iv. Optical Fibre Cable (OFC) connectivity v. Sewage treatment plant (with required permissions) vi. Effluent treatment plant (with required permissions) vii. Common facilitation center (CFC)
73		Online single window system- Decriminalisation	Design and implement an online wizard/ system with the following features/information: - i. List of criminal provisions under various Acts including section/ rule ii. Descriptions of provision with trigger/ event point for

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
			incidence of liability for business and relevant sector iii. Type of offence and punishment
74	Online Single Window System (sectoral licenses)	Online single window system Approvals/Renewals (Sectoral Licenses)	Ensure that the following services are provided through the online single window system - Registration, renewals, and verification under Legal metrology/Weights & Measures
75		Online single window system Approvals/Renewals (Sectoral Licenses)	Ensure that the following services are provided through the online single window system - Approval for DG set installation (Registration and Renewal) from all concerned authorities (as applicable)
76		Online single window system Approvals/Renewals (Sectoral Licenses)	Ensure that the following services are provided through the online single window system - Mobile Tower Approval (Registration and Renewal)
77		Online single window system Approvals/Renewals (Sectoral Licenses)	Ensure that the following services are provided through the online single window system - Retail Drug License (Pharmacy) (Registration and Renewal)
78		Online single window system Approvals/Renewals (Sectoral Licenses)	Ensure that the following service is provided through the online single window system - Wholesale Drug License (Registration and Renewal)
79		Online single window system Approvals/Renewals (Sectoral Licenses)	Ensure that the following services are provided through the online single window system - Drug Manufacturing License (Registration and Renewal)
80	Land Administration and Transfer of Land and Property	Property Registration	Mandate to Digitize and publish online land transaction deeds including conveyance deed, property registry, Lease etc. kept at the sub-registrar offices and provide: i. Transaction history for the last 20 years ii. The Transaction history of 20 years to be displayed in tabular/dashboard form with access to relevant documents in downloadable forms for each transaction and Availability of Statistics Gender-Disaggregated Data* on Property Ownership iii. Searchable metadata with the help of Survey no./ Registration number, Registration date, Conveyance deed/ property registry, etc.. iv. Website should clearly state that the information provided online is updated, and no physical visit is required *States & UTs to ensure capturing Gender-Disaggregated Data for all land transactions from 1st April 2024
81		Property Registration	Mandate to Digitize and publish online land transaction deeds including Records of Rights (RoR) kept at all land records offices: i. Transaction history for the last 20 years

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
			<ul style="list-style-type: none"> ii. The Transaction history of 20 years to be displayed in tabular/dashboard form with access to relevant documents in downloadable forms for each transaction iii. Digital copy of all RoR. iv. Searchable metadata with the help of Survey no./ Registration number, Registration date, Conveyance deed/ property registry, etc.. v. Website should clearly state that the information provided online is updated, and no physical visit is required
82		Property Registration	<p>Digitize and publish data of Property Tax payment dues online in public domain for all the Urban Local Bodies (ULBs) and Panchayats in the State/UT. The searchable metadata available should be:</p> <ul style="list-style-type: none"> i. Name of the Property Tax payer ii Survey no. of land / Unique Identification no. of property <p>The website should clearly state that the information provided online is updated, and no physical visit is required</p>
83		Property Registration	<p>1. Mandate each property/plot has a Unique ID across the State</p> <ul style="list-style-type: none"> 1. Rural Land / Plot: Survey no., etc. 2. Urban Land: Survey or CTS no., etc. 3. Urban Property – Including Vertical property such as Apartments, Condos, etc.
84		Property Registration	Design an online system to auto-calculate and pay the property tax for both ULB and Panchayats
85		Property Registration	Integrate all the cadastral maps across rural and urban areas in the State/UT on a single website and make the latest copy available in public domain
86		Property Registration	<p>Integrate all land/property related records of ownership and encumbrances on one single online portal including:</p> <ul style="list-style-type: none"> i. Data of land transaction deeds for last 20 years at all sub-registrar offices (Registration number, Registration date, Survey no.), ii. Updated Record of Rights at all Revenue department offices (Date of mutation), and iii. Data of Property Tax payment dues at all urban and rural areas of the State/UT (Name of the Property Tax payer, Property Tax dues) iv. Revenue Court case data (Court case number, Name of parties involved, Date of filing of court case, Status of case [Ongoing/Resolved]) v. Civil Court case data (Court case number, Name of parties involved, Date of filing of court case, Status of case [Ongoing/Resolved]) vi. Integrate with Central Registry of Securitization Asset Reconstruction and Security Interest (CERSAI) vii. Integrate with utilities (electricity & water) viii. Integrated with cadastral maps

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
			The website should be publicly accessible and should clearly mention that the website is recently updated, and no physical visit is required. The integration should be done for all areas of the State/UT.
87		Property Registration	States to have an online system and ensure the following features for registering property (for all types of land tenure) i. Online submission of information for property registration ii. Online generation of the appointment (date and time) iii. Online Stamp duty calculator iv. Online payment of application fee - Stamp duty, registration fees, etc.
88		Property Registration	Mandate to Publish an online dashboard in public domain with following features: i. Clearly publish the data on number of applications received and granted, time taken, and fee incurred to grant approvals/certificate ii. Highlight that the dashboard is updated preferably on real time or updated regularly (daily/weekly/fortnightly/monthly). Date and time of information updation may be mentioned
89		Property Registration	Mandate issuance of the registered deed to the applicant on the same day as the day of registration.
90		Property Registration	Publish fee details on the department website for the following: i. Registration of deed ii. Mutation at Land records office iii. Mutation/name change at ULB and Panchayats iv. Mutation/name change at electricity and water department v. Access to cadastral maps The website should also provide schedule of fees under the Act
91		Property Registration	Implement a system to trigger the mutation/name change as soon as the property is registered at sub registrar office for the following processes: i. Mutation at land records office ii. Name change at Municipal Corporation and Panchayats for property tax iii. Name change in Electricity and Water bills
92		Property Registration	Mandate to Publish an online dashboard in public domain with following features: i. Clearly publish the data on number of applications received and granted for mutation (at land records, utilities, ULBs and Panchayats), time taken, and fee incurred to grant

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
			<p>approvals/certificate</p> <p>ii. Highlight that the dashboard is updated preferably on real time or updated regularly (daily/weekly/fortnightly/monthly). Date and time of information updation may be mentioned</p>
93		Property Registration	Implement an independent grievance mechanism for online filing complaints related to property registration at Sub Registrar Office
94		Property Registration	<p>Mandate to Publish an online dashboard in public domain with following features:</p> <p>i. Clearly publish the data on number and type of land disputes, average time taken, and fee incurred to resolve land disputes under Revenue Court</p> <p>ii. Highlight that the dashboard is updated preferably on real time or updated regularly (daily/weekly/fortnightly/monthly). Date and time of information updation may be mentioned</p>
95	Change in Land Use	Change in Land Use	<p>Mandate time-bound delivery through a legislation such as:</p> <ol style="list-style-type: none"> 1. Right to Services Act / Public Service guarantee Act 2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met
96		Change in Land Use	Ensure that information is available on website on all necessary components for availing a service such as comprehensive list of documents required, fee, procedure with stage wise details and time for completion of each procedure/ step, searchable based on risk category, size of firm, business location and Foreign/ Domestic investor
97		Change in Land Use	<p>Mandate to Publish an online dashboard in public domain with following features:</p> <p>i. Clearly publish the data on number of applications received and granted, time taken, and fee incurred to grant approvals/certificate</p> <p>ii. Highlight that the dashboard is updated preferably on real time or updated regularly (daily/weekly/fortnightly/monthly). Date and time of information updation may be mentioned</p>
98	Environment Registration Enablers	Environment Registration	Allow for renewal of Consent to Operate (under Water Act, 1974 and Air Act, 1981) based on self-certification and/or third-party certification
99		Environment Registration	<p>Mandate to Publish an online dashboard in public domain with following features:</p> <p>i. Clearly publish the data on number of applications received and granted, time taken, and fee incurred to grant approvals/certificate</p> <p>ii. Highlight that the dashboard is updated preferably on real</p>

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
			time or updated regularly (daily/weekly/fortnightly/monthly). Date and time of information updation may be mentioned
100		Environment Registration	Allow validity period of Consent to Operate for period of 5 years and above.
101		Consent to Establish under the Water (Prevention and Control of Pollution) Act, 1974 and Air (Prevention and Control of Pollution) Act, 1981	Ensure that information is available on website on all necessary components for availing a service such as comprehensive list of documents required, fee, procedure with stage wise details and time for completion of each procedure/ step, searchable based on risk category, size of firm, business location and Foreign/ Domestic investor
102		Consent to Establish under the Water (Prevention and Control of Pollution) Act, 1974 and Air (Prevention and Control of Pollution) Act, 1981	Mandate time-bound delivery through a legislation such as: 1. Right to Services Act / Public Service guarantee Act 2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met
103		Consent to Establish under the Water (Prevention and Control of Pollution) Act, 1974 and Air (Prevention and Control of Pollution) Act, 1981	States to have an online system and ensure the following features without the requirement of physical visit to the department: i. Submission of application ii. Payment of application fee iii. Track status of application iv. Download the final signed certificate v. Third party verification
104		Consent to Operate under the Water (Prevention and Control of Pollution) Act, 1974 and Air (Prevention and Control of Pollution) Act, 1981	Ensure that information is available on website on all necessary components for availing a service such as comprehensive list of documents required, fee, procedure with stage wise details and time for completion of each procedure/ step, searchable based on risk category, size of firm, business location and Foreign/ Domestic investor
105		Consent to Operate under the Water (Prevention and Control of Pollution) Act, 1974 and Air (Prevention and Control of Pollution) Act, 1981	Mandate time-bound delivery through a legislation such as: 1. Right to Services Act / Public Service guarantee Act 2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met
106		Consent to Operate under the Water (Prevention and Control of Pollution)	States to have an online system and ensure the following features without the requirement of physical visit to the department: i. Submission of application

125		Registration for Refurbishers & Recyclers under Battery Waste Management Rules 2022	Ensure that information is available on website on all necessary components for availing a service such as comprehensive list of documents required, fee, procedure with stage wise details and time for completion of each procedure/ step, searchable based on risk category, size of firm, business location and Foreign/ Domestic investor
126		Registration for Refurbishers & Recyclers under Battery Waste Management Rules 2022	Mandate time-bound delivery through a legislation such as: 1. Right to Services Act / Public Service guarantee Act 2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
127		Registration for Refurbishers & Recyclers under Battery Waste Management Rules 2022	States to have an online system and ensure the following features without the requirement of physical visit to the department: i. Submission of application ii. Payment of application fee iii. Track status of application iv. Download the final signed certificate v. Third party verification
128		Dashboard for Environment related approvals	Mandate to Publish an online dashboard in public domain with following features: i. Clearly publish the data on number of applications received and granted, time taken, and fee incurred to grant approvals/certificate ii. Highlight that the dashboard is updated preferably on real time or updated regularly (daily/weekly/fortnightly/monthly). Date and time of information updation may be mentioned Dashboard should cover the following: <ul style="list-style-type: none"> • The Water (Prevention and Control of Pollution) Act, 1974 • The Air (Prevention and Control of Pollution) Act, 1981 • Authorization under the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 • Plastic Waste Management Rules, 2016 • E-waste (Management and Handling) Rules, 2011 • Bio medical waste Management Rules, 2016 • Solid waste Management Rules, 2016 • Construction and demolition waste management rules 2016 • Registration for Refurbishers & Recyclers under Battery Waste Management Rules 2022
129	Labour Regulation Enablers	Registration of Factories under The Factories Act, 1948	Introduce a provision for allowing the validity of license under the Factories Act, 1948 to be 10 years or more.
130		Registration of Factories under The Factories Act, 1948	Ensure that information is available on website on all necessary components for availing a service such as comprehensive list of documents required, fee, procedure with stage wise details and time for completion of each procedure/ step, searchable based on risk category, size of firm, business location and Foreign/ Domestic investor
131		Registration of Factories under The Factories Act, 1948	Mandate time-bound delivery through a legislation such as: 1. Right to Services Act / Public Service guarantee Act 2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met.
132		Registration of Factories under The Factories Act, 1948	Design and implement an online system and mandate the following features without the requirement of physical visit to the department: i. Submission of application

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
			<ul style="list-style-type: none"> ii. Payment of application fee iii. Track status of application iv. Download the final signed certificate v. Third party verification
133		Registration of Factories under The Factories Act, 1948	Ensure safety conditions are prescribed in line with the provision made in the OSH Code which permits women to work at night and in all occupations subject to their consent
134		Renewal of Factories Registration under The Factories Act, 1948	Eliminate the requirement of renewal of registration or allow auto-renewal
135		Approval of plan and permission to construct/extend/or take into use any building as a factory	Ensure that information is available on website on all necessary components for availing a service such as comprehensive list of documents required, fee, procedure with stage wise details and time for completion of each procedure/ step, searchable based on risk category, size of firm, business location and Foreign/ Domestic investor
136		Approval of plan and permission to construct/extend/or take into use any building as a factory	Mandate time-bound delivery through a legislation such as: <ul style="list-style-type: none"> 1. Right to Services Act / Public Service guarantee Act 2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met.
137		Approval of plan and permission to construct/extend/or take into use any building as a factory	Design and implement an online system and mandate the following features without the requirement of physical visit to the department: <ul style="list-style-type: none"> i. Submission of application ii. Payment of application fee iii. Track status of application iv. Download the final signed certificate v. Third party verification
138		Third party certification for boilers under Boilers Act 1923	Introduce a provision for third party certification for boilers during use u/s 34(3) of the Boilers Act, 1923, by authorizing Boiler Operation Engineer (BoE) having the following qualification: <ul style="list-style-type: none"> 1. Graduate in Mechanical/ Production/ Power Plant/ Metallurgical engineering from a recognized institution; and 2. Minimum 5 years of experience in the field related to boilers
139		Registration and Renewal of Boilers under The Boilers Act, 1923	Ensure that information is available on website on all necessary components for availing a service such as comprehensive list of documents required, fee, procedure with stage wise details and time for completion of each procedure/ step, searchable based on risk category, size of firm, business location and Foreign/ Domestic investor
140		Registration and Renewal of Boilers under The Boilers Act, 1923	Mandate time-bound delivery through a legislation such as: <ul style="list-style-type: none"> 1. Right to Services Act / Public Service guarantee Act

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
			2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met
141		Registration and Renewal of Boilers under The Boilers Act, 1923	States to have an online system and ensure the following features without the requirement of physical visit to the department: i. Submission of application ii. Payment of application fee iii. Track status of application iv. Download the final signed certificate v. Third party verification
142		Registration of Boilers Manufactures under The Boilers Act, 1923	Ensure that information is available on website on all necessary components for availing a service such as comprehensive list of documents required, fee, procedure with stage wise details and time for completion of each procedure/ step, searchable based on risk category, size of firm, business location and Foreign/ Domestic investor
143		Registration of Boilers Manufactures under The Boilers Act, 1923	Mandate time-bound delivery through a legislation such as: 1. Right to Services Act / Public Service guarantee Act 2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met.
144		Registration of Boilers Manufactures under The Boilers Act, 1923	States to have an online system and ensure the following features without the requirement of physical visit to the department: i. Submission of application ii. Payment of application fee iii. Track status of application iv. Download the final signed certificate v. Third party verification
145		Labour Regulation enabler	Mandate online filing of single integrated return under all the labour laws applicable in the State/UT
146		Labour Regulation enabler	Registration under Shops & Establishment AND/OR Trade License to be given through a single form.
147		Labour Regulation enabler	Legally mandate social consultation during the process of setting and updating the minimum wage
148		Labour Welfare Act	Ensure rules are prescribed under the Code on Social Security, 2020 regarding manner of collection of cess from every employer undertaking building or other construction work for the purposes of social security and welfare of building workers.
149		License/ Renewals for contractors under provision of The Contracts Labour (Regulation and Abolition) Act, 1970	Ensure that information is available on website on all necessary components for availing a service such as comprehensive list of documents required, fee, procedure with stage wise details and time for completion of each procedure/ step, searchable based on risk category, size of firm, business location and Foreign/ Domestic investor
150		License/ Renewals for contractors under provision of The Contracts Labour	Mandate time-bound delivery through a legislation such as: 1. Right to Services Act / Public Service guarantee Act for issuance of the licence electronically within forty-five days of

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
		(Regulation and Abolition) Act, 1970	the receipt of application 2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met
151		License/ Renewals for contractors under provision of The Contracts Labour (Regulation and Abolition) Act, 1970	States to have an online system* and ensure the following features without the requirement of physical visit to the department: i. Submission of application ii. Payment of application fee iii. Track status of application iv. Download the final signed certificate v. Third party verification *The system to ensure that the licence is issued electronically within forty-five days of the receipt of application failing which the licence shall be deemed to be issued and shall be auto generated. An establishment shall be deemed to have been registered under this Code immediately on the expiration of such period.
152		Registration under The Shops and Establishment Act (including 365 days license)	Ensure that information is available on website on all necessary components for availing a service such as comprehensive list of documents required, fee, procedure with stage wise details and time for completion of each procedure/ step, searchable based on risk category, size of firm, business location and Foreign/ Domestic investor
153		Registration under The Shops and Establishment Act (including 365 days license)	Mandate time-bound delivery through a legislation such as: 1. Right to Services Act / Public Service guarantee Act 2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met.
154		Registration under The Shops and Establishment Act (including 365 days license)	States to have an online system and ensure the following features without the requirement of physical visit to the department: i. Submission of application ii. Payment of application fee iii. Track status of application iv. Download the final signed certificate v. Third party verification
155		Registration under The Shops and Establishment Act (including 365 days license)	Eliminate the provision which poses restrictions on women to work in night shift to ensure 24*7 working for females
156		Registration under The Shops and Establishment Act (including 365 days license)	i. Eliminate the requirement of Inspection prior to registration ii. Ensure that the final registration is granted within one day from the date of application
157		Registration under The Shops and	Eliminate the requirement of Renewal of registration

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
		Establishment Act (including 365 days license)	
158		Registration/Renewal of principal employer's establishment under provision of The Contracts Labour (Regulation and Abolition) Act, 1970	Ensure that information is available on website on all necessary components for availing a service such as comprehensive list of documents required, fee, procedure with stage wise details and time for completion of each procedure/ step, searchable based on risk category, size of firm, business location and Foreign/ Domestic investor
159		Registration/Renewal of principal employer's establishment under provision of The Contracts Labour (Regulation and Abolition) Act, 1970	Mandate time-bound delivery through a legislation such as: 1. Right to Services Act / Public Service guarantee Act for issuance of Registration/ Renewal within such time as would be prescribed through rules by the Central Government. 2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met
160		Registration/Renewal of principal employer's establishment under provision of The Contracts Labour (Regulation and Abolition) Act, 1970	States to have an online system* and ensure the following features without the requirement of physical visit to the department: i. Submission of application ii. Payment of application fee iii. Track status of application iv. Download the final signed certificate v. Third party verification *The system to ensure that the Registration/Renewal is issued electronically within such time as would be prescribed through rules by the Central Government failing which the licence shall be deemed to be issued and shall be auto generated.
161		Registration/Renewal under The Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996	Ensure that information is available on website on all necessary components for availing a service such as comprehensive list of documents required, fee, procedure with stage wise details and time for completion of each procedure/ step, searchable based on risk category, size of firm, business location and Foreign/ Domestic investor
162		Registration/Renewal under The Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996	Mandate time-bound delivery through a legislation such as: 1. 			authorized official to give it equal status as a regular approval.
167		Labour Regulation	<p>Mandate to Publish an online dashboard in public domain with following features:</p> <p>i. Clearly publish the data on number of applications received and granted, time taken, and fee incurred to grant approvals/certificate</p> <p>ii. Highlight that the dashboard is updated preferably on real time or updated regularly (daily/weekly/fortnightly/monthly). Date and time of information updation may be mentioned</p> <p>The dashboard should cover the following acts:</p> <ul style="list-style-type: none"> • License for contractors under provision of The Contracts Labour (Regulation and Abolition) Act, 1970 • Shops and Establishment Act • Principal employer's establishment under provision of The Contracts Labour (Regulation and Abolition) Act, 1970 • Building and Other construction workers Act • Establishment under the Inter State Migrant Workmen (RE&CS) Act,1979 • Factories Act • Registration/renewals under Boiler Act • Registration/ renewals under Boiler Manufacturer
168	Obtaining Utility Permits	Obtaining Electricity connection	States to have a system that allows online application submission, payment and tracking of status without the need for a physical touch point for document submission for: <p>i. Obtaining New electricity connection</p> <p>ii. Obtaining Drawing Approval from Electrical Inspectorate</p> <p>iii. Obtaining Power feasibility certificate or sanction of power supply and mandate that all applications are submitted online.</p>
169		Obtaining Electricity connection	Reduce the number of mandatory documents required for obtaining the electricity connection to: <p>i. proof of identity of the user</p> <p>ii. proof of ownership/occupancy (in case of owned/leased premise)</p> <p>iii. authorization document (in case of firm or company)</p>
170		Obtaining Electricity connection	Ensure that the regulator publishes monthly or quarterly the data regarding total duration and frequency of outages online in public domain
171		Obtaining Electricity connection	Ensure that information on effective tariffs are available online, and that customers are notified of a change in tariff ahead of the billing cycle
172		Obtaining Electricity connection	Discoms to notify customers of planned outages (maintenance and load shedding) for next 1 month in advance

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
173		Obtaining Electricity connection	Ensure that charged electrical connections (up to 150 KVA) is provided within Seven days (where no 'Right of Way' (RoW) is required) and in Fifteen days where RoW is required from concerned agencies
174		Obtaining Electricity connection	Mandate to Publish an online dashboard in public domain with following features: i. Clearly publish the data on number of applications received and granted, time taken, and fee incurred to grant approvals/certificate ii. Highlight that the dashboard is updated preferably on real time or updated regularly (daily/weekly/fortnightly/monthly). Date and time of information updation may be mentioned
175		Obtaining Electricity connection	Design an online system for e-payment of bills on the portal of the discoms
176		Obtaining Electricity connection	Mandate DISCOMS to design and publish an online dashboard in public domain to provide information on quality of electricity service supply division wise having following parameters and updated on real time basis: i. Average Hours of Steady supply voltage supplied to consumers per week ii. Number and hours of disruptions/ power cuts per week iii. Reason for power disruptions
177		Obtaining Electricity connection	Establish an Online Grievance Mechanism and define working procedures and escalation matrix (including service timelines, reverting to business etc.) for Grievance handling
178		Obtaining Electricity connection	i. Mandate external electricity installation works typically carried out by a licensed professional/ company ii. Mandate the frequency of the following: a. Inspection by contractor/company that performed external installations b. Issuance of certificate of compliance by contractor/company c. Check quality of external installation works by contractor/company iii. Mandate the quality check or final inspection by a third party to ensure the quality and safety of external electricity installations
179		Obtaining Electricity connection	i. Mandate internal electricity installation works typically carried out by a licensed professional/ company ii. Mandate the frequency of the following: a. Inspection by contractor/company that performed internal installations b. Issuance of certificate of compliance by contractor/company c. Check quality of internal installation works by contractor/company iii. Mandate the quality check or final inspection by a third

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
			party to ensure the quality and safety of internal electricity installations
180		Obtaining Electricity connection	Mandate qualification of third party carrying-out the electrical wiring installation works: a. Minimum number of years of experience b. Education qualification (for example, university degree/ diploma/ certificate in the relevant field) c. Pass a qualification exam
181		Obtaining Water connection	States to have an online system and ensure the following features without the requirement of physical visit to the department: i. Submission of application ii. Payment of application fee iii. Track status of application iv. Third party verification
182		Obtaining Water connection	Display information on tariffs (in Rs. per kL) and notify customers of change in tariff ahead of the billing cycle (for commercial and industrial users)
183		Obtaining Water connection	Develop an online system for e-payment of bills
184		Obtaining Water connection	Mandate time-bound delivery through a legislation such as: 1. Right to Services Act / Public Service guarantee Act 2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met
185		Obtaining Water connection	Mandate to Publish an online dashboard in public domain with following features: i. Clearly publish the data on number of applications received and granted, time taken, and fee incurred to grant approvals/certificate ii. Highlight that the dashboard is updated preferably on real time or updated regularly (daily/weekly/fortnightly/monthly). Date and time of information updation may be mentioned
186		Obtaining Water connection	Mandate Water Supply authority (Such as ULB, Panchayats among others) to design and publish an online dashboard in public domain to provide information on quality of Water being supplied* to consumers area wise having following parameters and updated on real time basis: i. Water Pressure ii. Water Quality – TDS (Total Dissolve Solids), PPM * Water quality to be monitored at the Central Water Supplying Station/ point of distribution.
187		Obtaining Water connection	Recommend/ Mandate ULB's to include sustainable water use practices such as Rainwater harvesting as a mandatory requirement while providing construction permits for new buildings and as a mandatory requirement for availing utility connections in existing buildings

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
188		Obtaining Water connection	Recommendation/Mandate ULB's to include sustainable water use practices such as Solid waste/ bio-sludge management as a mandatory requirement while providing construction permits for new buildings and as a mandatory requirement for availing utility connections in existing buildings
189		Obtaining Water connection	Mandate Water Supply Authority to notify customers of planned outages (maintenance and repair) for next 1 month in advance
190		Obtaining Water connection	Establish an Online Grievance Mechanism and define working procedures and escalation matrix (including service timelines, reverting to business etc.) for Grievance handling
191		Obtaining Water connection	<ul style="list-style-type: none"> i. Mandate external water installation works typically carried out by a licensed professional/ company ii. Mandate the frequency of the following: <ul style="list-style-type: none"> a. Inspection by contractor/company that performed external installations b. Issuance of certificate of compliance by contractor/company c. Check quality of external installation works by contractor/company iii. Mandate the quality check or final inspection by a third party to ensure the quality and safety of external water installations
192		Obtaining Water connection	<ul style="list-style-type: none"> i. Mandate internal water installation works typically carried out by a licensed professional/ company ii. Mandate the frequency of the following: <ul style="list-style-type: none"> a. Inspection by contractor/company that performed internal installations b. Issuance of certificate of compliance by contractor/company c. Check quality of internal installation works by contractor/company iii. Mandate the quality check or final inspection by a third party to ensure the quality and safety of internal water installations
193		Obtaining Water connection	Mandate qualification of third party carrying-out the water installation works: <ul style="list-style-type: none"> a. Minimum number of years of experience b. Education qualification (for example, university degree/ diploma/ certificate in the relevant field) c. Pass a qualification exam
194		Permission to draw water from river/public tanks	Ensure that information is available on website on all necessary components for availing a service such as comprehensive list of documents required, fee, procedure with stage wise details and time for completion of each procedure/ step, searchable based on risk category, size of firm, business location and Foreign/ Domestic investor

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
195		Permission to draw water from river/public tanks	Mandate time-bound delivery through a legislation such as: 1. Right to Services Act / Public Service guarantee Act 2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met.
196		Permission to draw water from river/public tanks	States to have an online system and ensure the following features without the requirement of physical visit to the department: i. Submission of application ii. Payment of application fee iii. Track status of application iv. Third party verification
197		Certificate of non-availability of Water from Water Supply Agency	Ensure that information is available on website on all necessary components for availing a service such as comprehensive list of documents required, fee, procedure with stage wise details and time for completion of each procedure/ step, searchable based on risk category, size of firm, business location and Foreign/ Domestic investor
198		Certificate of non-availability of Water from Water Supply Agency	Mandate time-bound delivery through a legislation such as: 1. Right to Services Act / Public Service guarantee Act 2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met.
199		Certificate of non-availability of Water from Water Supply Agency	States to have an online system and ensure the following features without the requirement of physical visit to the department: i. Submission of application ii. Payment of application fee iii. Track status of application iv. Third party verification
200		Certificate of non-availability of Water from Water Supply Agency	Mandate to Publish an online dashboard in public domain with following features: i. Clearly publish the data on number of applications received and granted, time taken, and fee incurred to grant approvals/certificate ii. Highlight that the dashboard is updated preferably on real time or updated regularly (daily/weekly/fortnightly/monthly). Date and time of information updation may be mentioned The dashboard should cover the following services: • Permission to draw water from river/public tanks • Certificate of non-availability of water from Water Supply Agency
201	Paying taxes	GST	Set up service centers to assist taxpayers for e-filing of returns under the State/Union Territory GST Act
202		GST	Establish a helpline providing basic services such as assisting users in GST registration, preparing and filing returns under the GST Act

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
203		GST	Constitute an authority for advance ruling under the State Goods Service Tax and publish details of application procedure and checklist on the Department's website
204		GST	Constitute an appellate authority for advance ruling under the State Goods Service Tax and publish details of application procedure and checklist on the Department's website
205		Other Taxes / Levies	Publish a list of all state, municipal and panchayat levies on one portal and include the relevant information pertaining to the rates and tariff levied by the State and local bodies
206		Profession tax	Ensure that information is available on website on all necessary components for availing a service such as comprehensive list of documents required, fee, procedure with stage wise details and time for completion of each procedure/ step
207		Profession tax	Mandate time-bound delivery through a legislation such as: 1. Right to Services Act / Public Service guarantee Act 2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met
208		Profession tax	States to have an online system and ensure the following features without the requirement of physical visit to the department: i. Submission of application ii. Payment of application fee iii. Track status of application iv. Download the final signed certificate v. Third party verification
209		Profession tax	Design and implement a system for online filing of returns and for online payment of tax as provided under the State Act and rules thereunder
210		Profession tax	Mandate that the final profession tax registration certification (where applicable) will be issued within at most one (1) working day from the date of submission of application form
211		Profession tax	Mandate to Publish an online dashboard in public domain with following features: i. Clearly publish the data on number of applications received and granted, time taken, and fee incurred to grant approvals/certificate ii. Highlight that the dashboard is updated preferably on real time or updated regularly (daily/weekly/fortnightly/monthly). Date and time of information updation may be mentioned
212		State Excise	State Excise - Excise Verification Certificate

S. No.	Area	Sub-Area	Reform Details (Revised Post-Consultation)
213		State Excise - Excise Verification Certificate	Mandate time-bound delivery through a legislation such as: 1. Right to Services Act / Public Service guarantee Act 2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met
214		State Excise - Excise Verification Certificate	States to have an online system and ensure the following features without the requirement of physical visit to the department: i. Submission of application ii. Payment of application fee iii. Track status of application iv. Download the final signed certificate v. Third party verification
215		State Excise - Label Registration	Ensure that information is available on website on all necessary components for availing a service such as comprehensive list of documents required, fee, procedure with stage wise details and time for completion of each procedure/ step, searchable based on risk category, size of firm, business location and Foreign/ Domestic investor
216		State Excise - Label Registration	Mandate time-bound delivery through a legislation such as: 1. Right to Services Act / Public Service guarantee Act 2. Equivalent act with punitive provisions and grievance mechanism in case the stipulated timelines are not met
217		State Excise - Label Registration	States to have an online system and ensure the following features without the requirement of physical visit to the department: i. Submission of application ii. Payment of application fee iii. Track status of application iv. Download the final signed certificate v. Third party verification
218		State Excise - Label Registration	Allow for renewal of registered label approval based on self-certification where there are no changes required in the label
219		State Excise - Brand Registration	Ensure that information is available on website on all necessary components for availing a service such as comprehensive list of documents required, fee, procedure with stage wise details and time for completion of each procedure/ step, searchable based on risk category, size of firm, business location and Foreign/ Domestic investor
